OFFICE OF SPONSORED PROGRAMS

# **Annual Report**

**Fiscal Year 2013**

It is with pleasure that I report the University of San Diego's externally sponsored programs and research funding for the 2012/2013 fiscal year.

This year the University of San Diego made substantive progress in two areas: advancing collaborative research and increasing the number of faculty who submitted first time proposals. This progress can be attributed to the effort and dedication of the scholarly community here at USD.

Externally sponsored funding contributes to the university's high quality programs and research opportunities. At a time when funding has become more competitive, we commend those who remained steadfast in the pursuit of external funding, and those who pursued collaborations with other universities and across disciplines.

I would like to thank the USD community involved in grant funded programs and research and I wish you continued success in your efforts.

# Funding Profiles

Projects with multiple Investigators are listed in the departments of the Principal Investigator (PI), as well as in the department of each Co-Investigator (Co-PI).

In cases where the PIs are from different departments within the same college/school, an asterisk (\*) will appear after the name of each Co-PI.

When the PIs are from different college/school, a double asterisk (\*\*) will appear after the name of the Co-PI.

NOTE ON COLLEGE/SCHOOLS TOTALS: Funded awards, for which there is Co-PI participation, are referenced in both PI and Co-PI departments. However, official college/school and departmental totals include only that of the lead investigator.
